## FOREWORD

No printed report of the Training School for Nurses having been issued since May 1920, this foreword is inserted to cover briefly the events most important to the School since that date, being compiled from the annual reports which have been filed with the Board of Trustees during this period.

In October 1920, Dr. Robert J. Carlisle, for many years the faithful friend and physician of the School, felt obliged to relinquish this work which, with the larger School was becoming a heavy task, and the Board of Managers accepted his resignation with regret. Dr. Sawhill was secured to succeed Dr. Carlisle, and he has since been physician to the School.

In December 1920, Miss Brink, the Superintendent of the Training School, died suddenly while in full tide of active service to her school, and on October 1, 1921, Miss Katherine deLong accepted the position of Superintendent, having carried the responsibility of Acting Superintendent during the critical months following Miss Brink's death and through the summer of 1921.

The problem of caring for patients was very acute during the two years following the Armistice, when the number of applicants for entrance to the Training School was constantly decreasing and enthusiasm for nursing service was at a low ebb. Throughout the country, hospitals were suffering because of the comparatively small number of registrants for the pupil nurse course.

One of the steps taken for bringing the profession of nursing to the attention of young women, was the organization of the Eastern Council of Nursing Education. The Council was organized by a group of six New York City hospitals, representatives of each of which met during the winter of 1920 and adopted with modifications, a plan initiated in Illinois and covering several States. The Board of the Council was composed of the superintendents of the hospitals, superintendents of the training schools and lay members from the Boards of Trustees, Boards of Governors and Boards of Managers. A Field Secretary through High Schools, Women's Clubs and various other groups, presented to young women the opportunities offered them in the nursing world through preparation in those hospitals which met requirements for admission to this Council. The Field Secretary reported increased interest shown in nursing by young women, and membership in

the Council doubled in the course of the first year. We feel that our part in it was a real contribution to the history of our school.

During 1922 the curriculum was readjusted and greatly improved, and as a result the school now offers better opportunities for training than ever before. A new Course in Social Service work has been added and is proving a great success.

The low salaries paid by the city and the number of business positions opened to women, resulted in many vacancies on our staff and put heavier work upon the pupil nurse. This, together with the greatly increased service in the Out-Patient Departments, as well as in the bed capacity of the hospital, made it absolutely necessary to fill the vacancies on the Staff by supplementing salaries at least until the city felt it could increase them, and also to ask for appropriations to enlarge the number of pupil nurses. The latter was done at once, but then the problem of housing them confronted the School. Various plans were considered and finally a number of rooms were rented at the Martha Washington Hotel for the graduate nurses, thus releasing rooms for the pupils. The city assumed a portion of the expense for these, but at the time of writing, reimbursement to the Board of Managers for funds paid has still to be made.

Another change initiated within the School, and pointing toward student self-government, has been the establishment of a Joint Council acting under the following resolution, adopted in December, 1921 :

RESOLVED, That a Joint Council composed of representatives of the Board of Managers of the Bellevue Training School, of the Supervision of the School, and members of the student body, be made by resolution of the Board, a permanent advisory council to the Board of Managers.

It is understood that the object of the Council is to promote cooperation between the three representative groups mentioned above, by providing regular meetings for the discussion of problems concerning the Training School.

The spirit of cooperation and enthusiasm among the graduates and students throughout the hospital, and the large classes recruited, are a great tribute to Miss deLong's administration, and to that of her loyal and efficient Supervisory Staff.

To conferences held with Dr. O'Hanlon by the Board of Managers and its sub-committees, the school owes much and appreci-

ates fully the counsel and support which it has received in this way.

In January, 1923, a training school for nurses was opened at Harlem Hospital, and the results obtained have been most gratifying.

The year 1923 being Jubilee Year, each member of the graduating class was given a copy of "Recollections of a Happy Life," by Mrs. Hobson, who had served as Chairman of the original Training School Committee. This book was of timely interest as it contains an interesting sketch of the founding of Bellevue Training School.

At this time there had also been compiled a short illustrated history of the School, setting forth the part it has played in the development of the nursing profession, and these little books were distributed to graduates and guests at the meeting held in Carnegie Hall to commemorate the founding of the School.

The Board of Managers acknowledges with much appreciation gifts to the school from the graduating classes:

Class of 1921—Framed photograph of Miss deLong.

Class of 1923—Five pieces of silver for the tea table.

Class of 1924—Four hammocks and awnings.

The Board of Managers of the Bellevue Training School for Women Nurses desires to express and place on record its deep sense of sorrow and loss in the death of

### MISS ELIZABETH KEAN

For eighteen years—from 1895 to 1904—and again from 1923 until now—a devoted and competent member of this Board, she not only carried on the fine tradition of the School's beginning, but added to it by her dignity, by the high standards for which she strove, and by her devotion to the School's interests. As a member of the House Committee, she gave both practical advice and generous aid. She took a particular interest in the health and character of the pupil nurses, watching over them when ill and cheering their convalescence with delicacies and flowers.

In 1918, during the epidemic of influenza, when the hospital was overcrowded and undernursed, she went into the hospital and nursed in the medical wards for over six weeks, thus greatly lightening the labors of the nurses and encouraging them in a period of great depression and leaving by this service a permanent mark in the closer and warmer relations which it established between the Board of Managers and the physicians and nurses of the hospital. The exhausting work by night and day which this entailed was so cheerfully done and so counted as a privilege by Miss Kean that no one realized at the time the fatigue and the strain which she endured.

The Board directs that a copy of this testimonial be sent to the members of Miss Kean's family as a token of its deepest sympathy for them in their bereavement.

ALICE OSBORN,  
*President.*

December 15, 1922.

## MISS CARRIE J. BRINK

At a special meeting of the Board of Managers of the Bellevue Training School for Nurses, the following resolution was adopted: It is with deepest sorrow that we record the death of our beloved General Superintendent of Nurses, Miss Carrie J. Brink. Graduating from the School in the class of 1893, she immediately became identified with the administration of the school, and since then her entire working life has been given to the service of the City of New York in the Department of Bellevue and Allied Hospitals. She gave an undeviating loyalty and passionate devotion to the patient which has been an example and inspiration to every pupil and supervising nurse. To the sick and suffering, especially the children, her daily rounds through the wards brought cheer. No sacrifice for them was too great if she could help or comfort.

Whereas, faithful to her ideals of duty, Miss Brink refused to heed repeated warnings of the need for rest and has passed into the Eternal Presence while pursuing her daily task, be it

RESOLVED, That the Board of Managers hereby express their profound and loving appreciation of her noble life of service and their sense of irreparable loss.

ALICE OSBORN,  
*President.*

December 17, 1920.

## DR. W. GILL WYLIE

At a meeting of the Board of Managers of the Bellevue Training School for Nurses, the following resolution was passed:

RESOLVED: That the Board learns with deep regret of the death of Dr. W. Gill Wylie, whose untiring efforts made possible the founding of our School, and who in the days of discouragement was constant in his help and co-operation and continued his interest in the work for these many years, and that the Secretary be directed to convey to Dr. Wylie's family the deep sympathy of the Board in their great loss.

ALICE OSBORN,  
*President.*

March 16, 1923.

## ANNUAL REPORT OF THE SECRETARY

April 1923—1924

It is with great pleasure that the Board of Managers announce that one hundred and twenty-six students are being graduated this year, the largest class in the history of the Training School.

This is especially gratifying after the shortage of applicants for training during the years immediately following the War, and great credit is due Miss deLong and the Teaching Staff. Besides the Pupils, there are at present seventy-two Bellevue Graduates holding positions in the hospital out of approximately one hundred and ninety-five employed.

The School is still much hampered by lack of room in the Residence. For practical efficiency, all nurses should be under the same roof. The City now rents thirty-three rooms at Osborn Hall, which are needed by members of the Bellevue Alumnae. This building, the property of the Training School, is rented to the Alumni Association for one dollar a year, to be used as a Club House, and it is earnestly hoped that the proposed addition to the Residence will soon be built so that these rooms may be released for their original purpose. The City further rents from the Training School, Osborn Hall Annex, which contains eighty single bed rooms. The net income from this rental after deducting taxes, water rates, all repairs, heat and light, goes toward paying some of the Training School expenses, such as the services of a physician for the students, certain technical lectures, educational equipment and the many supplementary salaries which the Board has always been in the habit of paying.

The Training School started at Harlem Hospital this year is doing splendidly, details of its success are given elsewhere.

At Fordham Hospital the work is made difficult by the shortage of accommodations for the nurses, and the care of the patients is hampered by the fact that a ward is obliged to be used as a dormitory for employees.

The present nurses' quarters at Gouverneur Hospital cause grave concern to the Board; not only are they too small, but the buildings are very old and are real fire traps and sanitary arrangements are most inadequate. The Board cannot too earnestly repeat the appeal made last year for new Nurses' Homes at both Fordham and Gouverneur.

RECEPTION ROOM—NURSES' RESIDENCE

LIBRARY—NURSES' RESIDENCE

A NURSE'S ROOM—NURSES' RESIDENCE

In the various problems constantly arising in connection with nursing such a large number of patients, the many conferences between the Training School authorities and Dr. O'Hanlon are of the greatest value, and his ever ready cooperation is always particularly helpful to us in giving proper care to the sick.

The untold amount of suffering relieved by the splendid work of the Social Service Bureau under the able supervision of Miss Wadley, is a constant inspiration to all.

The volunteers under Miss Sloan, continue their work in the Clinics where they have become indispensable.

The Committee on Personnel Work, which looks after the welfare of the women employees of Bellevue Hospital has, by making these ward maids and cleaners more contented and therefore steadier workers, done much to facilitate the work of the nurses. A Director of Personnel is in charge of the activities of this Committee, which includes running the Little Store, the Club Room used by the women when off duty, and a summer vacation house on the Jersey coast, where the women can be in the country for their holiday and still live within their means. The profits from the Little Store pay the salary of a full time matron in the Club Room, support the laundry, give individual financial aid and help finance the vacation house. A detailed report of the Director of Personnel will be found in a separate folder.

Miss Caswell, the Social Directress at the Residence, continues her splendid work. Through her untiring zeal, the life and the morale of the students is greatly benefited; she is always ready to assist each individual to solve her problems, and she makes the Residence a real home. Miss Caswell also arranges for recreation by organizing various parties and distributing the many tickets for concerts, theatre and lectures, received from the generous friends of the Training School. Further details of Miss Caswell's work will be found in Mrs. Hartwell's report for the House Committee.

The most important event to be recorded in this report is the celebration on May 8, 1923, of the Fiftieth Anniversary of the founding of the Training School. Appropriate ceremonies were held in Carnegie Hall, Dr. George D. Stewart acting as Chairman. The gathering was greeted in the name of the Alumnae by Miss Lucy Minnegerode, class of 1898, and the speakers were Miss Annie W. Goodrich, Dean of the Yale University School of Nurs-

ing (Superintendent of Bellevue Training School from 1907 to 1910), and Major-General Merritt W. Ireland, Surgeon-General, United States Army.

The main body of Carnegie Hall was filled by delegations in full uniform from the Army and the Navy Nurse Corps, American Red Cross and twenty other nursing groups, and by delegations from the Training Schools of Greater New York. These were seated in the order of their founding, beginning with the Bellevue Training School, founded in 1873, followed by the City Hospital School for Nursing, founded in 1875, and ending with the Harlem School, founded in 1923. Forty-eight schools were represented.

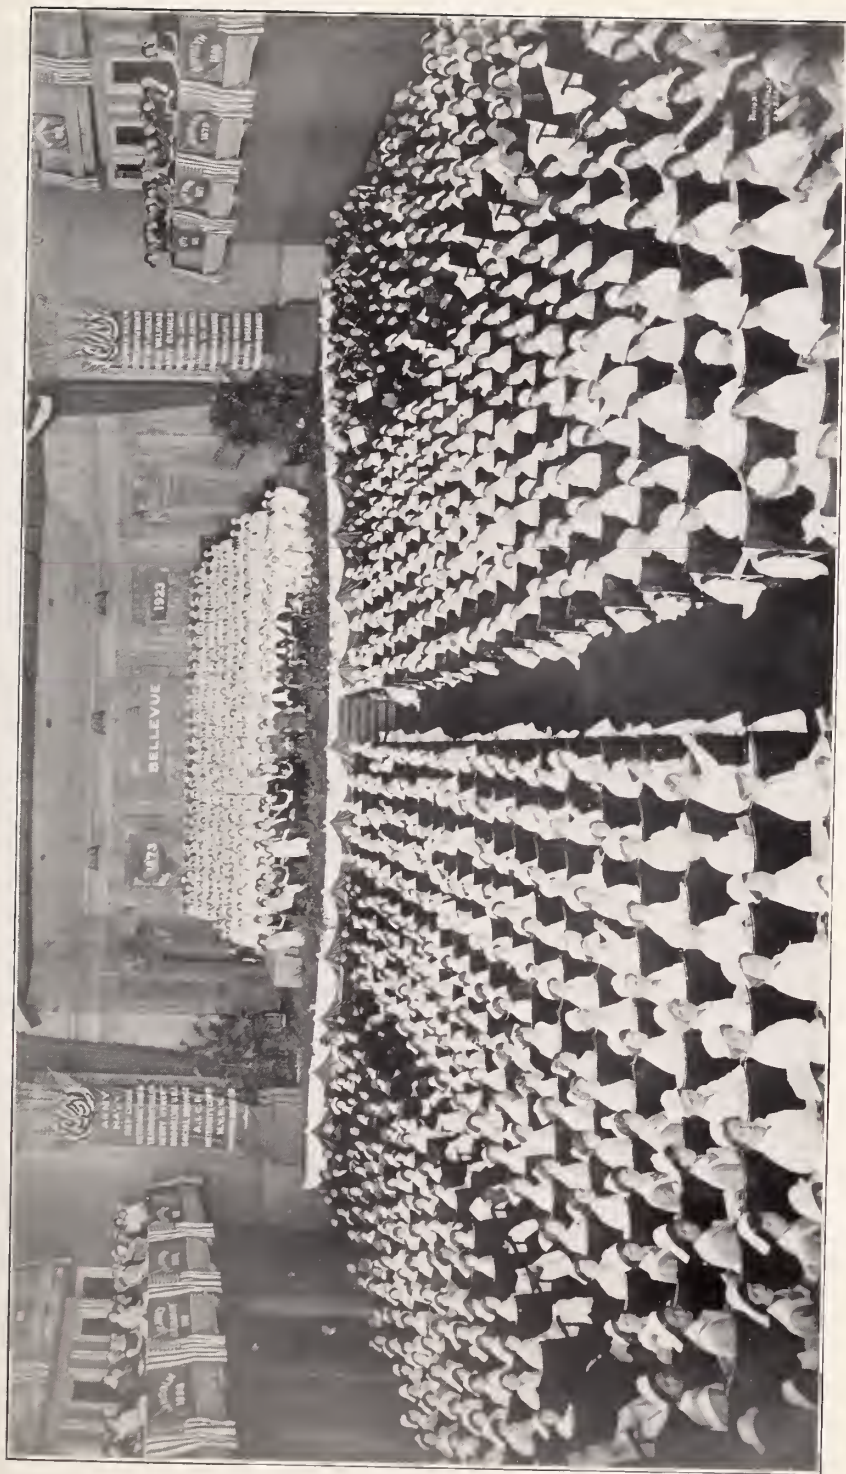

In this connection we recall that it is to Dr. W. Gill Wylie, who died in April, 1923, that the Bellevue Training School, the first to be established in this country in connection with a general hospital, owes a great debt. He made a special trip to England to study at first hand Florence Nightingale's methods in the Training School for Nurses, established by her in St. Thomas's Hospital in London, and brought back detailed information which the Bellevue Committee used as a guide in forming its school.

Mrs. W. Gill Wylie presented to the School at the time of the anniversary, a long letter from Florence Nightingale to Dr. Wylie, which has been properly mounted and is now the most prized possession of the Bellevue Training School for Nurses.

Respectfully submitted,

LOUISE M. ISELIN,

*Secretary.*

50th ANNIVERSARY BELLEVUE TRAINING SCHOOL FOR NURSES

Carnegie Hall, May 8th, 1923

## HARLEM HOSPITAL

On January 1, 1923, a Training School was opened at Harlem Hospital at the request of the Board of Trustees.

Dr. O'Hanlon strongly favored such a Training School and the Board of Managers and Miss deLong resolved to establish one where the standard would be in every way as high as that of the Bellevue School. Miss deLong worked untiringly through the summer of 1923 to recruit the first class. Letters were sent to the American Consul in Jamaica, Kingston, Trinidad, and even to Liberia; circulars were sent to schools and colleges and to prominent ministers throughout the South in an effort to get in touch with educated young women who desired to enter the nursing profession.

The school opened with twenty students, and groups have been taken in since, bringing the membership of the senior class up to thirty-seven, and of the junior class to ten, with twenty more entering on September 1, 1924.

The teaching is conducted by instructors from the Bellevue School, who speak highly of the work of the students. Miss Anna Delmore, the first Superintendent of the school, held the position for one year and was succeeded by Mrs. James O'Brien. Both are Bellevue graduates and well prepared for their work, having succeeded Miss Beatrice Bamber, whose long and devoted service to Harlem is well known.

The Auxiliary Committee of Harlem which, with the Social Service Committee, meets every two weeks during the winter, has formed a House Committee. This Committee has been fortunate in securing for the position of Social Directress, first Mrs. White-nor and then Mrs. Stoner, who have been congenial and sympathetic with the students. Tea is served on three afternoons of the week, when members of the Committee can meet the students. The Directress has formed swimming classes at the Y. W. C. A. Pool, and she supervises dancing and games in the evening at the Residence.

The Residence, with its complete equipment, including class rooms and lecture hall, is much appreciated by the students, but they are already outgrowing it and need more room.

Dr. Fleming, the present Superintendent, is cooperating in every way with Mrs. O'Brien, and we look forward with great hope and confidence to the future of the school.

Respectfully submitted,

HARRIETTE ROGERS,  
*Chairman.*

## GOUVERNEUR HOSPITAL

The Managers assigned for visiting at Gouverneur Hospital, Mrs. Paul Tuckerman, who was succeeded by Mrs. Harriet Blaine Beale, keep the Board constantly informed of conditions there. Splendid work is being done in the hospital. The Dispensary is a particularly busy place, the average daily attendance in January, 1924, being 1,500 patients. Extensive Social Service work is also done.

Mrs. Tuckerman and Mrs. Beale continuously report conditions in the Nurses' Home as being extremely bad, especially the sanitary arrangements; there are few bath rooms and these are most inconveniently located. Indeed, this problem has become a serious one. A modern residence for the nurses is a real necessity, and this has frequently been brought to the attention of the Board of Trustees.

## FORDHAM HOSPITAL

Mrs. Mortimer Fox, the Board member who makes regular visits to the Hospital, reports in much detail and emphasizes the same requirement there as at Gouverneur—a modern residence for the nurses. At Fordham, one of the wards is used as sleeping quarters for the hospital employees. This is a wretched arrangement from every point of view, and furthermore, the ward is needed for patients. Excellent work is being done in every department, and the nurses should have adequate and comfortable living quarters.

## REPORT OF HOUSE COMMITTEE BELLEVUE HOSPITAL

The House Committee was indeed fortunate to secure in August 1921, Miss Wanda Caswell as Social Directress in the Residence. After a careful survey of the field—a general study of existing conditions—she set out to put into practice her own theories as how best to meet both the individual and the collective needs of the student nurses; how to supply the much needed diversion after their hours of duty; how to maintain in their lives contacts with the outside world and to broaden their field of interest. But far and beyond all these things, Miss Caswell has endeavored to make of the Residence a worthy substitute for the home, to create an atmosphere wherein the girls know they will find a sympathetic friend to whom they may come in times of distress, and with whom they may talk freely.

Of the more routine of the activities is the bi-weekly tea which on Tuesday and Friday afternoons is attended by from two to three hundred nurses.

Depending upon the immediate interests of the students, the existing mood as one might say, Miss Caswell has organized from time to time, Glee Clubs, Public Forums, Swimming Clubs, Card Clubs and Reading Circles. For these girls away from home and under our care, we feel a responsibility and without curtailing their freedom, we endeavor to give them informal chaperonage.

During the last year, an especial effort has been made toward class organization. This has offered to the girls an opportunity for the development of latent ability along executive lines and group leadership and has bound groups more closely together.

Vital as is all this work done for the student organization as a whole, of equal importance though perhaps less obvious, are the personal contacts maintained between the Social Directress and the individual student. The students are always sure of a sympathetic and understanding friend, and many questions are talked over and settled with wisdom and judgment.

Respectfully submitted,

MRS. JOHN A. HARTWELL,  
*Chairman.*

## REPORT OF THE COMMITTEE ON PERSONNEL WORK

### *For Women Employees of Bellevue Hospital*

A full report of the work is printed on a separate leaflet.

For the Committee I report that this Committee was appointed in 1918 and looks after the welfare of the women employees in Bellevue Hospital, and by making these ward maids, waitresses, cleaners and other women employees more contented, and therefore steadier workers, it has done much to facilitate the work of the nurses.

The Director of Personnel, Miss Elizabeth Prentiss Whitmarsh, while in charge of the activities of this Committee, showed great ability in the manner in which she instituted and carried out this most important work for women employees. Miss Whitmarsh has outlined in some detail in her report, which is printed elsewhere, what has been accomplished through the Club Room, the Little Store and the Summer Vacation Cottage.

JOAN WHITRIDGE,  
*Chairman.*

### VOLUNTEER SERVICE COMMITTEE

This Committee consists of from forty to fifty workers each of whom gives part time service for several days a week in the various departments of the hospital, this service relieves the pupil nurses and is of special value in the Out-Patient Department.

## REAL ESTATE

*Osborn Hall*—A six-story building with a frontage of 110 feet on 26th Street and 125 feet on 25th Street.

This building is used by the Alumnae Association for a Club House. It accommodates approximately 185 guests, besides an Assembly Hall, Reception Rooms, Office, the Alumnae Registry and Osborn Hall Store.

*The Annex*—An eight-story building with a 50 foot frontage on 26th Street, 100 feet deep and a vacant lot in the rear 100 feet deep and 25 feet wide, fronting on 25th Street, accommodates 82 guests and is at present rented to the city to house graduate nurses.

The use of the lot for playground purposes is given to the Tuberculosis Division of the Hospital.

## REPORT OF DIRECTOR OF NURSING SERVICE

*To Doctor McGrath, the Board of Trustees, Doctor O'Hanlon, the Board of Managers and friends of the Training School:*

I have the honor to present to you the 51st Annual Report of the School of Nursing attached to Bellevue and Allied Hospitals and this graduating class of one hundred and twenty-six, the largest in the history of the School.

The Report is similar to that of previous years, heavier responsibilities, greater demands upon the nursing department, a larger number of students and the problem of providing the proper teaching and training of these students.

A mere recital of the work of the School for the past year is of itself not so important as the question whether we have done more or less this year than preceding years and whether the work has been better or not so good.

As statistics for the most part mean little unless viewed comparatively, may I quote from the Report of 1909, when this Nurses' Residence was opened: "We have a Class of 27 to receive diplomas. A Staff consisting of 43 graduate nurses and 99 pupils." Today, our Staff consists of 196 graduate nurses, 271 pupils and a graduating class of 126. Large as this number seems, it is inadequate for the Hospital needs of today. Eighty of this number are assigned to associated Departments, such as Social Service, Dispensary, Admitting Office, Dressing Office, Operating Rooms, Clinics, etc., leaving a small number actually engaged in caring for a daily average of 1,700 patients. With these figures before you, you must realize, as we do, that we fall far short of our ideals in the nursing care of our patients.

The student body should be increased to 350, not only to meet the just demands made upon the Nursing Department by the medical and surgical staffs, but in fairness to the pupils who many times, are overworked and deprived of attending classes and lectures to which they are entitled.

During the year the Nursing Department has supplied the nursing care for 45,258 patients admitted to the Hospital and for the 264,008 admitted to the Out-Patient Department. The magnitude of such an achievement is almost beyond comprehension and should not pass unrecognized.

The course has been shortened from two years and nine months to two years and six months, including the preliminary course. Whether this change is a wise one remains to be demonstrated. Few hospitals have as much to offer as Bellevue with its various services, and to give students experience in all the Departments is most difficult to arrange in so short a time.

We are fortunate in being able to bring in such large classes of well equipped students. We continue to receive perhaps not more applicants than we need, but more than we can consider, because of limited housing facilities. During the year the number of applicants for information concerning the student nurse course was 1,064.

We are affiliated with 38 Schools of Nursing:

|                      |            |
|----------------------|------------|
| 20 detailed to ..... | Bellevue   |
| 12 detailed to ..... | Fordham    |
| 6 detailed to .....  | Gouverneur |

During the year 140 affiliating students completed courses varying in length from 6 to 12 months.

Twelve of our students have taken the elective four months' course in Public Health Nursing at Teachers' College and Henry Street Settlement.

While no changes have been made in the Curriculum this year, those effected last year are now well established and the year's work appears to have justified them. A glance at the program this evening, showing the number of students that pass through Bellevue and Allied Hospitals during the year, gives but a faint conception of the educational program carried out in these schools.

The opportunities offered at Bellevue and Allied Hospitals, both in variety of services and number of cases is most unusual. At Bellevue, the experience in the diseases of infants and children alone is rarely excelled, if equalled in any of the children's hospitals.

For a number of years, Notes of the Nursing Procedures which are used in the Wards have been mimeographed for the students. Inasmuch as these "Procedures" represent in large part

the life work of Miss Brink, it seemed desirable to preserve them in some better form.

In May, 1923, the MacMillan Company consented to publish them. Miss Dorothy Dix Hill, Instructor of Practical Nursing (a graduate of the Training School, Class of 1921) and a former pupil of Miss Brink, revised and edited them. In September, these little books came from the press.

"Bellevue Nursing Procedures" is dedicated to the memory of Carrie J. Brink, loyal friend, faithful and devoted nurse, untiring and courageous worker for the cause of suffering humanity; inspiring teacher and skilful exponent of the principles and practice of nursing." There is also a full page picture of Miss Brink, a reproduction of her best known and best liked photograph.

In addition to the convenience of having these "Procedures" in this form, there is also presented to the more recent students to whom Miss Brink's name would be only a name, the very concrete evidence of her years spent in Bellevue Hospital.

The royalties from the sale of these books will be applied to the Carrie J. Brink Scholarship Fund.

The hours of duty for students have been reduced to an 8 hour day and a 10 hour night.

The opening of the school year in September will see the teaching staff composed entirely of Bellevue graduates. This group of instructors has been prepared for their work through Scholarships given by the Board of Managers. Two Scholarships of the value of \$500 each are available yearly and are awarded to graduates, not only whose theoretical and practical work have been of the highest excellence, but who have shown qualities of mind and heart which are not less important, perhaps more so.

The Mrs. William Preston Griffin Prizes of \$25 each in gold to the two students having the highest marks in bedside nursing, have been awarded to Madeline Murray and Erna Wien.

#### *The Psychopathic Service:*

The Psychopathic Service has been very heavy, 11,914 patients were admitted and cared for during the year.

Miss Maloney has been assigned exclusively to this department because of the increasing demands of the work and new activities.

One of the new activities now well established is that of the School for Abnormal and Neurotic Children.

These children are sent to Bellevue for observation through the Children's Court. Lazarus Pavilion, adjoining the Ward, has been attractively fitted up for a school room. A competent teacher with two or three volunteer workers are provided and financed by the Board of Education. The work, therefore, is carried on under trained instructors and the care and supervision of the graduate nurses in the Wards. This is the first school of its kind in the country.

Other new activities are the Mental Clinic three afternoons a week; the Recoverable Wards for both men and women patients.

A Staff Office has been equipped for the reception of visitors and placed in charge of a nurse.

Wards 38 and 39 have been thoroughly renovated.

Student nurses are now regularly assigned to this service.

The new Day Camp Boat which completed its first year of service March 31, 1924, shows a steady progression of its activities, although the development of its work has been somewhat handicapped by the fact that the various departments have had to be opened gradually, as the funds for necessary equipment and personnel could be procured. However, during the past three months, owing to the indefatigable efforts and generosity of the members of the Bellevue Tuberculosis Auxiliary, it has been possible to equip the Nursery, the Department for the Ultra-Violet Ray Treatment, the Medical Clinic Room, the Linen Room and the Men's Ward. During the year 142 adults and 127 children have been admitted and treated.

The Social Service Department fills such an important place in the administrative and nursing scheme of Bellevue and Allied Hospitals that a special report covering its activities is issued each year. The course of instruction given by Miss Wadley and her assistants to our students, is very valuable, and we are indebted not only in the nursing service but throughout the entire hospital, for the far-reaching influence of this department.

The distinct value of Occupational Therapy is shown by the fact that over 3,000 patients were helped back to health and work during 1923.

### *Health of the School:*

The health of the school, considering the large number of graduates and students, is good.

In addition to minor illnesses, five students were sent to the Willard Parker Hospital with contagious diseases, 2,059 days were lost to the hospital through illness.

Average number of nurses off duty daily—4.

It is interesting to note that diphtheria has almost been eliminated in the school since the Schick test has been given to the pupils and those susceptible receiving the toxin anti-toxin.

We mention with deepest sorrow the death of Harriet Simpson, Class of 1911. Miss Simpson was a very useful member of her profession and much beloved by all of her co-workers.

#### *Vacations, 1923:*

Vacations were given to all entitled to them.

Supervisors ..... 577 days

Graduates ..... 2,369 days

Students ..... 3,970 days

totaling a period of 16 years, 8 months, 3 weeks and 5 days.

#### *Mills' School:*

The Mills' School for men nurses was registered April 28, 1922.

Full credit in time was allowed to students who met the educational requirements and were in the School for Attendants at the time it became a registered School for Nurses.

Those students who did not meet the requirements were permitted to have special instruction with the understanding that if they succeeded in earning the necessary counts, they would be given credit for the time spent in the School for Attendants.

Mr. Frederick Jones, Class of 1911, has been appointed Superintendent of Nurses. Mr. Jones is well qualified for his work, is an excellent teacher and has a splendid influence with the pupils.

The School year ends with the following Nursing Staff on duty:

Graduate Nurses ..... 24

Student Nurses ..... 16

Affiliating Students ..... 18

During the year 119 inquiries were received for information concerning the student nurse course.

We are now affiliated with 5 Schools of Nursing:

Philadelphia Hospital ..... Philadelphia, Pa.

McLean Hospital ..... Waverley, Mass.

Buffalo State Hospital.....Buffalo, N. Y.

Rochester State Hospital.....Rochester, N. Y.

St. Lawrence State Hospital...Ogdensburg, N. Y.

These schools send their students to us for one year.

### *Harlem Hospital:*

Harlem School completed its first year in January and is fast justifying its existence.

The opposition encountered last year is gradually being overcome by the good work done by the students.

Miss Delmore, Superintendent of Nurses, resigned in August. She was succeeded by Mrs. O'Brien, a loyal and enthusiastic worker.

The Nursing Staff consists of:

|                            |    |
|----------------------------|----|
| Graduates .....            | 40 |
| Students .....             | 37 |
| Post Graduates .....       | 9  |
| Preliminary Students ..... | 11 |

On the whole I think we have reason to be pleased with the progress of the school. Miss Vient, the very able Superintendent of the Hospital, has been granted a much needed and deserved vacation.

### *Fordham Hospital:*

The number of affiliating students has increased to 61, the full quota allowed on the budget.

More nurses are needed and could be obtained, thus giving the patients better nursing care and the students a shorter day, were it not for the inadequate living accommodations available for nurses.

In November, an Occupational Therapy Clinic was inaugurated under the direction of the New York City Visiting and Fordham Hospital Auxiliary Committees.

Miss Vivian Conway's resignation as Superintendent of Nurses was accepted with regret last August. She was succeeded by Miss Clancy.

### *Gouverneur Hospital:*

There have been no changes of importance in the Administrative Staff. We cannot emphasize too strongly the need of a nurses' residence at Gouverneur. The overcrowded and undesir-

able living quarters and absence of any proper rooms for instruction are very detrimental to the reputation of this school connected with a hospital whose active service presents such an unusual field for practical experience.

We take this occasion to express our appreciation of the assistance rendered the school on the part of the Visiting Staff and the House Staff, who many times have been called upon for special attention to sick nurses; to the Board of Managers and Board of Trustees for their unfailing encouragement and assistance so readily given at all times, and to Doctor O'Hanlon in full measure for his daily advice in all matters pertaining to the Training Schools.

To my associates, graduates and students words fail to express my appreciation of your loyal support and assistance in carrying on the work of the Training School, without which our work would fail.

As this is the 51st Class to graduate, with this year we begin to make the history of the sixth decade of the School.

It is for you, Class of 1924 and succeeding Classes, to make the record of the next fifty years equal that of the past.

We have faith to believe that you will uphold the traditions of the School and maintain the standards of its distinguished alumnae, "May your service know no bounds."

Respectfully submitted,

KATHERINE CAPRON DELONG,  
*Director Nursing Service.*

RECEPTION HALL—OSBORN HALL

## SYNOPSIS OF THE REPORTS OF THE ALUMNAE ASSOCIATION OF THE BELLEVUE TRAINING SCHOOL FOR NURSES

---

1919—1920

The year began in sorrow, for the Alumnae Association had sustained the loss of Miss Jane A. Delano in May 1919, and at the September meeting resolutions for her written by Miss Brink were read. The Association selected portraits of Miss Delano to be hung in Osborn Hall and the Nurses' Residence.

Financial aid and unanimous endorsement was given by the society to the Amendment to the Nurse Practice Act. The fees for nurses on the Bellevue registry were fixed as follows for private duty: \$6 for 12 hour duty, \$7 for 24 hour duty.

On May 10, 1920, the 100th anniversary of the birthday of Florence Nightingale, the Alumnae Association and Training School gave a reception and tea to New York City High School senior girl students interested in nursing.

On May 12, 1920, the Association suffered the loss of its president, Miss Cornelia Bristol. Her loss was mourned by her many friends in the Society.

---

1920—21    1922—23

During the two years in which Mrs. Annie S. Humphrey acted as president for the second time, the Association was very ably directed and meetings were well attended. The latter was partially accomplished by holding meetings alternately at 3 and 8 P. M., thus making it possible for both day and night nurses to attend at least half of them.

In December, the Association again suffered the loss of a much loved and revered member, Miss Carrie J. Brink. As a permanent memorial to her the Association established the Carrie J. Brink Scholarship Fund to be awarded to a member wishing to pursue further nursing study. A beautiful portrait of Miss Brink was hung in Osborn Hall.

In 1921 the Ex-Service Club placed a bronze tablet in Osborn Hall in commemoration of the Bellevue nurses who gave their lives in the World War.

April 1921 marked the renewal of the meetings of a committee from the Alumnae Association with the Executive Committee of the Board of Managers of the Training School. Meetings are to be held in April and December and the Alumnae Committee is to have the following personnel: President of the Association, one member at large, two members from the supervisory staff of the Training School, a member of the graduating class.

In 1921 the Pension Fund began making payments to eligible members.

In March 1922 the Alumnae Bulletin made its first appearance. That number was sent to each member and a subscription fee of fifty cents was charged for the additional three numbers which were issued. The Bulletin took the place of the Alumnae Quarterly, which had been discontinued during the war.

Mrs. Alfred Hess was chosen from the Board of Managers to act with the Bulletin Staff and contributed articles from the Managers and helpful suggestions. The Association decided to elect one member from each of the last five graduating classes to serve on the Bulletin staff.

The Association was proud to add another Honorary Member to its list—Miss Katherine C. deLong, and a reception was held in her honor January 19, 1922.

Managers of the Training School, Medical Staff, Nurses, and employees of Bellevue and Allied Hospitals united their efforts to secure funds for the Delano Memorial in Washington; \$2,383 was raised. There was a fine spirit of cooperation between older and younger members in the work of the two years.

---

### 1922—23

Miss Loraine Dennhardt served as president for the year 1922-23. In November, 1923, in order to meet the increase in dues to the State and National Associations, the annual dues for resident members were made \$3.50, and to non-resident members, \$2.00.

It was decided to continue the monthly publication of "The Alumnae Bulletin," and to send it without special subscription fees to each member of the Association as a notice of meetings, historical record, and a means of keeping all members cognizant of the business and social life of the Society. The Fiftieth Anni-

versary number was given to each member of the 1923 graduating class.

During the year \$300 was added to the Carrie J. Brink Scholarship Fund, \$300 was collected in the Red Cross Membership Drive of November, 1923, and \$170 for the Near East Relief Fund.

The outstanding event of the year was the celebration of the Fiftieth Anniversary of the founding of the Training School, which was so beautifully commemorated May 8, 1923, at Carnegie Hall, and which so fittingly expressed the remarkable development of nursing as a profession during the last fifty years.

Mrs. Osborn and the Board of Managers, Miss deLong and the Training School staff, and Mrs. Sammis united with the Alumnae Association to make the entire Anniversary week as delightfully enjoyable as the evening of May 8th at Carnegie Hall was impressive—one never to be forgotten by those who attended. The little blue-bound volume containing the History of the Training School and Alumnae Association of the Bellevue School for Nurses which was given as a souvenir of the occasion and has since been distributed to many who could not be present, was the gift of Mrs. Osborn. It will always recall that beautiful and inspiring event on May 8, 1923.

---

#### 1923—24

Mrs. Maud Metcalf acted as president for the year. A change was made in the management of Osborn Hall, Miss Mary Ryan being chosen to succeed Mrs. Edith Sammis as manager.

A waiver was added to the by-laws of the Pension Fund allowing members who have been graduated more than ten years to join before July 1, 1924, under the following conditions: Payment of \$255 each, entitling them to receive premium twenty years after date of graduation, or payment of \$205 each, entitling them to receive premium twenty-three years after graduation. Twenty-four new members joined the Pension Fund in consequence.

The monthly publication of the Alumnae Bulletin was continued and the Board of Directors repeated its decision of 1923 and voted to send a copy of the graduation number to each member of the Class of 1924.

## REGISTRY REPORT

The Bellevue Registry is primarily a bureau for the purpose of supplying nurses to physicians and patients in homes. Requests to fill institutional and public health positions are received and occasionally filled, but these calls are sent principally to agencies organized for this purpose.

During the past five years three hundred and sixty-four nurses have registered with us, of these, seven have died, fifty have married, and sixty-three have entered other fields of work, thus proving that present day nurses do not regard private duty either as a profession or a vocation.

Since the retirement of our older medical men and the changed conditions of living, the character of our work has altered materially, the long chronic case when the nurse remained in the home as a luxury long after she ceased to be a necessity, having become a thing of the past.

Within five years patients of a different grade have come to us, brought by physicians of a younger class, whose friendship we value, and whom it is our pleasure to serve.

In particular, the growing pediatric service in Bellevue has attracted specialists who in their private practice are devoted to us, but the ills of children are sharp and short and the nurse's duty is brief as compared with previous years.

The twelve hour system in private work has become an established rule in five years, a twenty-four hour duty being seldom required.

The most marked change, however, in the nursing situation is the demand for specials to serve in the wards of Bellevue. A few years ago it would have seemed incredible that one-fourth of our calls this year should have come from these patients who have insisted upon a day and a night special and have met the expense without a murmur. This is evidently our substitute for the long desired private pavilion.

With the aid of these cases we maintain from year to year an average of twenty-five hundred calls, and a constantly changing, but almost uniform numerical list of one hundred and sixty-five members.

Respectfully submitted,

MARY L. SLAYTON,  
*Registrar.*

## NOMINATING COMMITTEE

There shall be a Nominating Committee for officers consisting of three members of the Board of Managers, named by the President, who shall prepare and submit a ticket annually to the Board. This ticket must be submitted in writing to each member two weeks before the Annual Meeting of the Board of Managers.

## PRESIDENT

The President shall preside at all meetings of the Board of Managers, and shall call Special Meetings at discretion, or upon the written request of three members of the Board. The President shall appoint all special and sub-committees.

## VICE-PRESIDENT

The Vice-President shall, in the absence of the President, perform the duties of the President.

## SECRETARY

The Secretary shall perform the duties usually appertaining to this office.

## ·BY-LAWS

These by-laws may be amended by a two-thirds vote at the Annual Meeting of the Society, due notice being given in writing.

## CONTRACT WITH THE CITY OF NEW YORK

*Whereas*, the Bellevue Training School for Nurses has for many years rendered to the City of New York useful charitable services in training and furnishing female nurses for the sick in Bellevue Hospital, under certain contracts, understandings, and agreements with the City of New York through its officers or agents charged with the duty of managing that Hospital; and

*Whereas*, the premises on 25th and 26th Streets, near Bellevue Hospital, owned by the said School and long occupied by it as a nurses' home, and for other purposes connected with its said charitable work, have become too small and inadequate to supply the continually increasing needs of Bellevue Hospital and other hospitals in the City of New York for additional female nurses, so that the said School is unable to supply a sufficient number of properly trained and experienced nurses owing to lack of suitable accommodations for housing and instructing such nurses; and

*Whereas*, it has been enacted in Chapter 153 of the Laws of 1906 of the State of New York, in substance, that the Board of Trustees of Bellevue and Allied Hospitals shall have power, subject to the approval of the Mayor, as to terms and conditions, to enter into a contract, or contracts, with the Bellevue Training School for Nurses for the occupation and use of any building or buildings as a training school for nurses, for the purpose of continuing, improving, and increasing its services in supplying to Bellevue and other hospitals trained nurses for the sick in said hospitals; and

*Whereas*, the City of New York has recently acquired a tract of land on 25th and 26th Streets, abutting on East River, and near the premises referred to above owned by the Bellevue Training School for Nurses, on which lands it is proposed to erect a building or buildings for use in connection with and as a part of Bellevue Hospital, which building or buildings it is proposed shall be used by the Bellevue Training School for Nurses for the purpose of continuing, improving, and increasing its said services and for the purpose of carrying on its work on a larger scale and in a more effective manner, under the supervision of the Board of Trustees of Bellevue and Allied Hospitals, pursuant to this contract and to all the statutes applicable thereto or applicable to the parties thereto.

Now, therefore, this contract between the City of New York by the Board of Trustees of Bellevue and Allied Hospitals, hereinafter called the Board, of the first part, and the Bellevue Training School for Nurses, hereinafter called the School, of the second part, and approved as to terms and conditions by the Mayor.

Witnesseth, that the City of New York has granted, demised, and let, and doth by these presents grant, demise, and let unto the School, the building or buildings and appurtenances that shall hereunto belong, about to be constructed, or being constructed on the tract of land belonging to the City of New York on 25th and 26th Streets, between the East River and the premises belonging to the School, for the use, and occupation when constructed and completed by the School as a training school for nurses for the purpose of continuing, improving, and increasing the service of the School in supplying to Bellevue and other hospitals trained nurses for the sick in said hospitals.

To have and to hold the same so long as the School shall continue to carry out the objects and purposes defined in its charter, or such other objects and purposes as by any future amendment of said charter may be authorized, and shall faithfully keep, perform, and observe the covenants and conditions herein contained on its part to be kept, performed, and observed, or until this agreement shall be cancelled or amended as hereinafter provided, or until the said building shall be surrendered by the School as hereafter provided.

This contract, however, shall not go into effect or be of any force or validity until the said building or buildings shall have been completed and until the School notified thereof in writing by a duly authorized representative of the City.

It is further stipulated, promised, and agreed by the parties hereto, as follows:

The Board shall have general oversight and supervision of the said building or buildings and of the work carried on therein by the School. The Board and its duly authorized agents or representatives shall at all times have free access to every part of said building or buildings for the purposes of general visitation and supervision, and of the performance of any duties devolved upon it by the laws of the State of New York or the ordinances or regulations of the City of New York or of any of its boards, departments, or officers.

The Board shall, during the continuance of this contract, and subject to such modifications thereof as may be mutually agreed upon, and subject to sufficient appropriations by the Board of Estimate and Apportionment, pay to the School the salaries for the superintendence of the nurses and the compensation of each nurse actually provided and approved by the Board, together with maintenance. That amount of said salaries and compensation shall be determined in advance by mutual agreement between the Board and the School.

The School shall take possession of, accept, use, and occupy the said building or buildings and appurtenances when completed as a training school for nurses for the purpose of continuing, improving, and increasing its service in supplying to Bellevue and other hospitals trained nurses for the sick in said hospitals.

It shall manage the nursing department of Bellevue Hospital under the supervision of the Board and in accordance with such general rules and regulations as the Board shall promulgate. It shall provide for the supervision of the nursing service of the hospital, and shall provide female nurses as required by the Board, not, however, in excess of such number as can reasonably be accommodated in the said building or buildings.

The School shall continue, substantially as heretofore, to devote its income to the purposes of the School, but it shall not be bound to use any part for the payment of salaries; but may use all or any part thereof for the miscellaneous uses of the School, in accordance with its charter.

The School shall render to the Board annual reports of its operations, with statements of receipts and expenses, and shall submit to examination its books and accounts whenever required by the Board or by the Comptroller of the City of New York.

The School shall amend its by-laws so as to provide for its management by the Board of Managers to hold office and be appointed as herein set forth, which amendments, when made, shall remain in force and shall not be altered, modified, or repealed during the continuance of this contract except with the consent of the Board.

The said Board of Managers shall be known as "Board of Managers of Bellevue Training School for Nurses." It shall consist of thirty-three members. At all times the President of the Board of Trustees of Bellevue and Allied Hospitals, the Com-

missioner of Public Charities, and the Commissioner of Health shall be three of said members by virtue of their respective offices.

Within ninety days after the execution of the contract the Mayor shall appoint five members of the Board of Managers to serve for a term of one year, five members to serve for a term of two years, five members to serve for a term of three years, five members to serve for a term of four years, five members to serve for a term of five years, and five members to serve for a term of six years, from February 1, 1907. Thereafter in each year, in the month of January, on or before the twentieth day thereof, prior to the expiration of the term of any class of managers, the Mayor shall appoint five members for the full term of six years. Of the members whose terms shall date from the first day of February, 1907, not less than twenty shall be appointed from the present Board of Managers of the School.

Notice in writing of the dates on which appointments, excepting the first, to said Board of Managers, are to be made, shall be given by the Mayor to each of the members except those whose terms are about to expire, at least ten days prior thereto, and, for the purpose of making the appointments aforesaid, except the first, the members of said Board of Managers, except those whose terms are about to expire, shall present to the Mayor a list of not less than fifteen persons to be appointed members of said Board of Managers to fill a vacancy or otherwise. Appointments to said Board of Managers shall be made from such list or lists.

The Mayor shall fill any vacancy in the said Board of Managers caused by the death, resignation, or otherwise, of a Manager by the appointment of a Manager to hold office for the unexpired term. Such appointments shall be made from a list of not less than three persons, furnished on notice from the Mayor by the Board of Managers.

Either party to this contract may withdraw therefrom, and may cause this contract to be cancelled by giving to the other party twelve months' notice in writing of its determination to that effect, and at the expiration of twelve months from the receipt of such notice, this contract shall cease and determine, and thereupon the School shall and will quietly and peaceably yield up and surrender unto the Board, or its successor or successors, all and singular, the premises herein referred to, and remove all its property therefrom.

This contract shall be wholly cancelled and annulled, or from time to time altered or modified, as may be agreed in writing between the parties or their successors, anything herein contained to the contrary in anywise notwithstanding.

IN WITNESS WHEREOF, the parties hereto have executed in duplicate the foregoing contract this twenty-first day of June, 1906.

# EXCERPTS FROM SURVEY OF ACTIVITIES OF THE BOARD OF MANAGERS OF THE BELLEVUE TRAINING SCHOOL FOR NURSES

1 9 2 4

This Board consists of thirty members appointed by the Mayor of the City of New York, each for a term of six years. The President of the Board of Trustees of Bellevue and Allied Hospitals, the Commissioner of Welfare, and the Commissioner of Health of New York City are at all times ex-officio members of the Board.

Under a contract with the City, made in 1906, the Training School is run as a Department of Bellevue Hospital, under the direction of the Board of Managers. The Board of Managers, subject to the approval of the Board of Trustees and the General Medical Superintendent, is responsible for the selection and appointment of the General Superintendent of Nurses of Bellevue and Allied Hospitals, and through her, for the maintenance of the educational standards of the Training School and for its supervision and management; and also for the supervision and management of the various nursing departments of Bellevue and Allied Hospitals. Nurses are also provided for the hospital services as required by the Board of Trustees.

The general expenses of the school and nursing staff are paid by the City, but in many instances the salaries are supplemented by the Board of Managers from their own funds, at a cost of approximately \$7,000 yearly. Beside this the Board of Managers provides a Social Director and a Working Housekeeper for the Nurses' Residence, a Secretary for the General Superintendent of Nurses, and the services of a Physician for the students, at an additional cost of about \$7,000 yearly. Many of the services now integral parts of the Training School and Hospital organization were originally introduced and financially supported by the Board of Managers, and later taken over by the City as permanent and essential services. Two scholarships of \$500 each for graduates taking special courses are supported through the Board of Managers. The Board also provides various furnishings for the Residence, educational equipment, certain technical lectures and social entertainments, such as graduation exercises, teas, parties, con-

certs and dances. They also furnish the pins presented to students on graduation. The Board also subscribes for the care of sick and convalescent nurses, manages Osborn Hall Annex, and administers various special funds.

The income of the Board is derived from invested funds left to it at various times, annual membership dues, the profits from Osborn Hall Annex, and from many generous donations.

The Board keeps in intimate touch with all the nursing activities at Bellevue and Allied Hospitals through a series of Standing Committees, as follows:

- Finance Committee,
- House Committee,
- Bellevue Committee on Nursing,
- Discipline Committee,
- Mills' School Committee,
- Ward Visiting Committee,
- Employees' Welfare Committee,
- Committee on Alumnae Association,
- Committee on Edith Summer Camp,
- Committee on Alumnae Bulletin.

## BELLEVUE TRAINING SCHOOL FOR NURSES

The Bellevue Training School for Nurses was opened for the reception of students in May, 1873. It was established as a separate organization under the direction of a Board of Women Managers, "first, to improve the condition of the hospital sick and, second, to utilize the hospital as a clinical school for instruction in the art of nursing." The first plan of organization and instruction was outlined for the Board of Managers by Miss Florence Nightingale. In 1906 the Training School became an integral part of the Hospital, and the Board of Managers, through a contract with the City, was retained to direct its affairs.

The students receive their practical experience in the various branches of nursing in the wards of the hospital as well as in the Operating Rooms, X-Ray, Out-patient and Social Service Departments. The wards and various departments are directed by graduate head nurses who, with the supervisory staff give bedside instruction. Bedside clinics for the nurses on duty in the various wards are conducted by physicians in order that the lectures and practical work may be closely related.

The course of training covers a period of two years and six months. The first four months form the preparatory or probationary term. The age of admission is from eighteen to thirty-five years, and students are admitted in January, April and September. The Department of Education of the State of New York requires a minimum of one year of high school or its equivalent. In accepting candidates the Training School gives preference to graduates of high schools, normal schools, or colleges. Students are required to furnish their own uniforms, aprons and other articles of clothing. There are no tuition or registration fees and students who have successfully completed the probationary course, are paid a monthly allowance of \$20 each by the City. The School provides text books, board, lodging and laundry from the date of entrance. A vacation of three weeks is allowed each year between the months of May and October.

A large number of training schools in various parts of the country send their students to the Bellevue School for special instruction and experience. These students are called Affiliating Students. There are also facilities for Post Graduate courses along special lines of nursing.

The Graduation exercises are usually held during the last week in April. Successful students at the completion of their term are awarded the diploma of the Training School and the Training School pin presented by the Board of Managers.

The organization of the Training School is shown in the accompanying chart, in the back of the book.

## DIRECTOR OF NURSING SERVICE

Has general oversight of all nursing of patients and the education of nurses at Bellevue and Allied Hospitals, including the Mills School for Male nurses at Bellevue. She appoints all the Superintendents of Nurses in the Allied Hospitals, all Assistants and Head Nurses, selects the students for the four hospitals, and carries on all general correspondence as well as that relating to all classes of students in the four hospitals. She maps out class and lecture work for students and also does some teaching to seniors and probationers; is responsible for all clerical work in connection with the Training School, keeps all records, makes out yearly budgets, and reports to Board Meetings and daily to General Medical Superintendent of Hospital. She has general direction

and supervision of all departments of the Training School and of the Nurses' Residence and Osborn Hall Annex.

#### NURSES' RESIDENCE, 440 EAST 26TH STREET

Was built and is owned by the City and run under the direction of the Board of Managers as a residence for the student body and the staff of the Training School. The building houses about 300 persons, contains well equipped Class rooms, a Lecture Hall, an Infirmary for sick nurses, a Library, an Assembly room, a Sitting room, a Cafeteria, a Roof Garden and a Tennis Court. The entire culinary department for the nurses is located in the Nurses' Residence and about five hundred people are fed here daily. The Residence is in charge of one of the Assistant Superintendents, and the House Committee of the Board of Managers. The working staff consists of fifty-three employees whose wages are paid by the City. In some instances these wages are supplemented by the Board of Managers, which also pays the full salary of a Social Directress, a Working Housekeeper, and for the daily attendance of a Physician for the nurses.

#### OSBORN HALL ANNEX, 416 EAST 26TH STREET

Was built by Mrs. William Church Osborn and presented by her to the Bellevue Training School for Nurses. It is rented by the Board of Managers to the City as a residence for graduate nurses employed at Bellevue Hospital. The building contains eighty single bedrooms and is rented furnished, with the exception of house linen and blankets, which are supplied by the City. The Board of Managers pays the taxes and water rates, makes all repairs, and furnishes heat and light. The City furnishes the power for the elevator and pumps, and operates these. Under the present arrangement the Board of Managers furnishes the heat and light and mechanical repairs for the Annex through Osborn Hall with the management of which building there is a special agreement. The building is run by the Assistant in charge of the Residence, and employs a staff of eight people.

#### COMMITTEES AFFILIATING WITH THE BOARD OF MANAGERS

Through common membership the Board is interested in various Affiliating Committees working at Bellevue, in departments to which the nurses are appointed by the General Director of Nursing Service.

## ALUMNAE ASSOCIATION OF BELLEVUE TRAINING SCHOOL FOR NURSES ATTACHED TO BELLEVUE

The Association has a membership of about six hundred and fifty; is financed by membership dues and by the profits from Osborn Hall. It operates Osborn Hall as a Club House for Graduate Nurses, runs a Registry office for Bellevue Graduates, and administers a Pension Fund, a Sick Fund and various special funds.

### OSBORN HALL, 426 EAST 26TH STREET

Was built by Mr. and Mrs. William Church Osborn in memory of Mrs. William H. Osborn, and presented to the Bellevue Training School. Rented to the Alumnae Association by the Board of Managers for one dollar yearly, it is operated by the Alumnae Association by and with the advice of the President of the Board of Managers of the Training School, and such other managers as she may appoint, as a residence and club house for the use of Bellevue graduates. There is a restaurant in the building open to the public as well as to the residents, though many of the residents avail themselves of kitchenette privileges.

The Registry office for Bellevue graduates is also located here, and in addition there is a store and a sewing room where uniforms, caps, etc., are made and sold.

The profits from Osborn Hall are devoted to the Pension Fund of the Alumnae Association.

### SOCIAL SERVICE AUXILIARY

In 1906, Dr. Armstrong, then General Superintendent of the Hospitals, after reading the official report of the first year's social service work in the Massachusetts General Hospital, Boston, under Dr. Richard Cabot, persuaded the Board of Trustees to undertake similar work in Bellevue. He solicited the personal interest of Mrs. John Wilkie, then a member of the Board of Managers, and in 1908 the work had grown to such proportions that the need of an Advisory Committee was felt. Mrs. Osborn was requested to form such a committee and selected as its members, representatives of the Protestant, Catholic and Jewish faiths. This depart-

ment became thus closely affiliated with the Training School Board.

Care of the patients through their convalescence after they have left the wards, the relief of home conditions which are inimical to health and educational health work in the homes are its chief objectives.

In 1916 this Committee was formally incorporated as the Social Service Auxiliary of Bellevue and Allied Hospitals with an Executive Committee made up of representatives of the Hospital Administration and Medical Board, and the Chairmen of the various sub-committees. This group meets quarterly to confer on Social Service problems and policies, while the sub-committees meet weekly with staff-workers to advise on case work.
